NAME OF OFFEROR OR CONTRACTOR

- 3. Please delete all previously issued specifications and page 7 of 51 from the solicitation and replace with the incorporated documents.
- 4. For informational purposes, the following answers are provided for the questions and concerns received in response to this solicitation
 - a. Question: In reference to Work Item 36: Compartment Insulation, under Paragraph 3.2.3, Surface Preparation, the specification states "clean all exposed overhead surfaces...to remove visible surface contaminants". Please confirm if this would be by hand tool/power tool surface prep method.

Answer: Yes, either hand or power tool surface prep would be acceptable.

b. Question: In reference to Work Item 36: Compartment Insulation, under Paragraph 3.2.4 Substrate Preservation; can you specify which coating "system" to follow in StdSpec6310, Appendix B?

Answer: Use Option I of "Bulkheads and Overheads, Uninsulated Steel" in SFLC Std Spec 6310 Appendix B. The color is white

c. Question: Does StdSpec6310 take the place of the CG Coatings and Color Manual CIM 10360_3C in its entirety?

Answer: Yes, the contractor should follow SFLC Std Spec 6310 as referenced per the Work Items.

d. Question: In reference to Work Item 3: Bilge Surface (Lazarette); under Paragraph 3.3, reference is placed on StdSpec 6310 Bilges, Cofferdam and Forepeaks OPTION I. Please confirm that the lazarette to be a machinery space and whether the utilization of the SP11 surface prep method of surface prep is acceptable.

Answer: Yes...the space is considered a machinery space and the SP11 surface prep method of surface prep is acceptable.

- 5. All other terms and conditions of this solicitation remain unchanged.
